

Some Like it Hot! but these cars do not...

- ◆ Heat Exhaustion
- ◆ Boots Melting
- ◆ Overheating
- ◆ But cooler weather is here!

◆ COVID

Speedway 660 is required to record contact information of all our guests. This is causing some delays on race day at the ticket booth so be sure to arrive a little early to make it a smooth experience.

◆ Website

We have been working hard to keep our website up-to-date with the latest information. Be sure to check it out for event schedules and ticket information at:
www.speedway660.com

◆ 50/50 Draw

50/50 tickets are back on sale however due to Covid precautions, they are being sold at a central location near "The Fix" canteen area.

Hot Foot Cashol!

Rick Cashol normally runs his 54 Street Stock with his foot through the firewall but his car got so hot it melted the boot right off his foot. That didn't stop him from battling for and claiming 2nd place in the Urquhart Construction 75!

Got Fire? We Got You Covered!

Tony and Sabrina McFarlane (husband and wife) Fire and Rescue Team take a water break. These folks are key to track safety and making sure everyone stays hydrated on these hot days!!

Track People...

The glue of our sport!

- ◆ Respect Them!
- ◆ Appreciate Them!
- ◆ Help Them!
- ◆ and Thank Them!

Fencing

Caught up with Randy Titus who was patrolling the front fence and making a couple repairs. This fella is always tinkering on something at Speedway 660!

Thanks Randy!

Happy Birthday Colin!

Colin Hape of NS usually collects racer hero cards and stickers during the race season but with no racing in NS this summer - his 10th birthday party along with his passion for collecting were put on hold. But Stephanie Robichaud made sure Speedway 660 swag would make its way to Colin in time for his 10th birthday - Happy Birthday Colin!

Great Job Stephanie!

Slapping a Coat on it!

Mike and Margie Reed put the final touches on the new washroom. Margie got the low sections and Mike got the taller sections.

What a team!!

PS: Happy 60th Birthday to Mike!
Still a big kid at heart!!

Happy Retirement Ed!

After 10 years as Tech Assistant at Speedway 660 and over six decades of racing involvement at tracks where many have come and long gone, Ed has decided it's time to take in racing like it began, many years ago - in the stands with his family!

Thank you for everything you have given to racing and Speedway 660 - Happy Retirement!!

The Need... For Speed! Weekend that is!

- ◆ Campground Prep
- ◆ Lap Boards
- ◆ Touch Ups
- ◆ and more!!!

Line'em up!

Tony McFarlane and Thomas Parker were stringing the back 40 and marking camper lots for SpeedWeekend.

There was orange paint and string everywhere. Big job and many others were also involved.

Turn 4 is Groovey!

Say goodbye to the Turn 4 bump strips and say hello to the newly grooved out deterrent!

We are hoping this keeps drivers above the white line on the bottom of turn 4 for the upcoming SpeedWeekend races.

Separation

The stands are marked off in squares to assist with social distancing and bubbles.

Please follow these guidances!

Lapping it up!

Margie Reed and Allana Wilkins are Pulling a superhero pose as they try to sell the final 12 laps of 250 laps for SpeedWeekend. Update: All laps have been sold for the REMAX Pro Stock 250! Thanks everyone for supporting short track racing!
