150**

**6<sup>th</sup> Annual**  
**Ricky Bobby 150**  
June 29<sup>th</sup>, 2024

**CONTINGENCY INFORMATION**

## RICKY BOBBY

Remembering Ricky Bobby – In May of 2019 Speedway 660 lost a member of the racing family. A man with a vision to hold a stock car race for the *Good Old Boys* of Racing.

Rick Arbeau enjoyed life to the fullest and made lifelong friends wherever he roamed. He was a man that loved his family and spending time at his happy place, Speedway 660.

On race days he could be found driving the water truck to keep the dust down around the pits and campsites. He always kept people on their toes and made sure the horn was working by checking it every 13 seconds and waving. When the sun would set at 660, you could always find Rick in Turn 5, having a cold one with all his friends and pushing his guys to the front of the field.

Rick would always get up from his seat, walk towards the fence and point his fingers to the front of the field and motion his guys that they needed to “Git-R to the Front.” This “Git-R to the front” motion is now Etched into every single Ricky Bobby 150 logo, telling all racers, to *Git-R to the front*.

*“This is going to be an annual event. I really wanna thank all you guys for comin out, you guys that travel... thank you, thank you, thank you. Like I said up on the wheel guys, no sittin’ back at this track, we run. Drive’r as hard as, y’know, scratch it up let’s go. Put a show on for the fans.”* Ricky Bobby said in the inaugural drivers meeting. *“Awknowledge the fans if you would, all the way, the ones in the pits, the beer section alright.”*

*“Enjoy the day, enjoy tonight, don’t drink and drive and don’t fight.” – the Ricky Bobby*

We are all sure that Ricky’s spirit lives on every year. The entire promotion team behind the event from McCoy’s Auto Repair including Randy McCoy, Mike Francis and Kim McIntyre keep pouring their hearts and souls into this event. Every year the team goes back to the drawing board to find ways to make this event bigger and better than previous years. 2024 has seen a huge effort to see the total purses totaling over \$28,000 dollars for Race teams. With expectations of record car counts, we all know Ricky would be proud of every single competitor and fan making this race what it is today.

Special thanks to Jack Wilkins for all of his hard work behind the scenes making things happen. Thanks to all the Major sponsors making dreams become reality. Lastly thank you to all the Contingency Sponsors and those who bought laps in memory of their loved ones. The support is very heartfelt to the promotions team and everyone else at Speedway 660. That leaves just one more thing.... *“Let’s Go Racing!!”*

## OVERALL CONTINGENCIES
